

## **EPF Sport Development Fund.**

### **Application form**

#### ***General Information.***

National federations, organising European Championships, may apply to receive economical support from EPF to buy IPF approved equipment.

The equipment must be used at the European Championships, which will be organized by the applicant, to fulfil the EPF requirement of IPF recognised equipment in the warm up room and at the lifting platform.

Only National Federations may apply for this support and a contract must be signed between EPF and the National Federation (see appendix 1) when the application has been accepted by EPF.

As the EPF Development fund is limited, the EPF has dedicated this support to Nations that really need to receive support to be able to organise European Championships of high technical standard.

The EPF EC will evaluate the applications out from the following criteria and priority:

1. National federations that has not previously organised Europeans or Worlds and/or have not the possibility to lend (from clubs) IPF recognised equipment.
2. National federations with low economy (not supported by their National Confederation of Sport or National Olympic committee) that need support from EPF to be able to fulfil the criteria of IPF recognised equipment.
3. National federations that are not able to provide IPF recognised equipment by lending such equipment from member clubs or gyms or getting sponsor support to buy the equipment from manufacturers.

## **Contract regarding the EPF Sport Development Fund.**

This contract is made and entered into by:.....(name of nat. fed.) and EPF.

**General.**

Organisers of European championships are given the opportunity to buy IPF recognised bars, plates, racks and benches to highly reduced prices.

In addition, EPF support the organisers economically from the established *EPF Sport development fund*.

The manufacturers offer equipment with highly reduced prices (net prices).

**50% of this net price is paid by EPF and 50% by the National Federation (NF)** within an upper limit as decided by EPF.

Any package cost, freight and VAT are paid by the NF if not otherwise specified.

**Conditions.**

- 1) Only organisers of European championships and cups can apply for receiving support from the *EPF Sport Development Fund*.
- 2) EPF has the sole right to decide which organisers shall receive support from the *EPF Sport Development Fund*.
- 3) The payment for the ordered equipment must in full be paid by the NF to the manufacturer before the equipment is shipped.
- 4) The NF will receive by bank transfer from the EPF Treasurer 50% of the net prize for the ordered equipment when the manufacturer confirms that the organiser has paid in full the net price.
- 5) The NF receiving the equipment (as specified below) accepts:
  - a) All received equipment shall be used at the present European championships (name of the championships)
  - b) All received equipment shall be used at future European and World championships organised by the NF if necessary to present at least 4 complete sets of IPF recognised bars, plates and racks in the warm up room and 1 complete set at the venue.
- 6) If the above requirements ( in item 5.) are not fulfilled for the calendar years 2016– 2021, then the NF is bound to repay EPF the amount received from the EPF Sport Development Fund as specified below.

**Ordered equipment:**

(list the equipment and the net price)

**The amount of payment from EPF to the NF (maximum 2888 Euro):.....**

Any legal action brought to enforce the terms of this Contract shall lie with a court of appropriate jurisdiction in the country of the EPF President.
