------------------------------------	--	--	--------------	------------------------------

Nominations are done by each federation by the IPF Electronic Nomination System. Final nominations must be submitted no later than 21 days before the date of the Championship and must include only names from the preliminary nomination (i.e. only lifters from the preliminary nomination can be replaced by a substitute. No new nominations will be accepted).

According to Technical Rules [Page 4, item 7] at the final nomination you must define which athletes will take part in the championship. At the Technical meeting you can only delete athletes from your final nomination. No more change by weight class of any athlete is possible. The final nomination is valid for the competition.

Important Note:

The timetable may be changed after the final nomination. Some categories may be moved one day earlier or later than specified in the preliminary timetable.
