ANTI-DOPING INFORMATION

*For the **European Open Classic Powerlifting Championship,*** each participant is **strictly liable** for any substance found in their body (or specimen). Each participant may be charged with an anti-doping rule violation for thepresence or use of a prohibited substance or method, whether its use was intentional or not.

Always check your medications and supplements before consuming them to make sure they do not contain any substances or methods included on the WADA Prohibited List.

Educate yourself on the risks of taking supplements and minimize your risk.
All Sub-Junior & Junior athletes **must** successfully complete education through the World Anti-Doping Agency (WADA) online education platform (ADeL) in order to be able to compete. Each national federation must submit all the participating athletes' completed certificates from ADeL with the nomination for the registration to be complete.

Understand and educate yourself on your rights and responsibilities as an athlete, including but not limited to:

- requirements for submitting whereabouts information
- rights and responsibilities during sample collection
- responsibility to avoid the use of prohibited substances and methods
- consent to the use of your information
- obligations to follow the IPF Anti-Doping Rules and all consequences deriving therefrom

All athletes participating in this event are not classified as International Level Athletes.

As an International Level Athlete, if you have a medical condition for which you need to take a medication or use a therapeuticmethod that is prohibited under the WADA Prohibited List, apply for a Therapeutic Use Exemption (TUE) to the appropriate organization (IPF or NADO) before the start of its use and at least 30 days before competing.

For athletes competing in the Sub-Junior and Masters age categories, you are not required to apply for a TUE in advance of being tested. However, if you do compete in one of these categories and you are taking a medication that contains a prohibited substance, you will be required to apply for a TUE retroactively should you be selected for doping control at this event.

For all anti-doping related questions, please contact ipfantidoping@cces.ca.

IMPORTANT ITEMS TO REMEMBER

Nomination of athletes and officials to International Events shall be received by the Championship Secretary with a copy to the Meet Director within the following time limits:

- Preliminary nomination not later than 60 days prior to an International Event. Best totals from National or International Championships during the previous 12 months before preliminary nomination shall be stated.
- Final nomination, submitted not later than 30 days prior to an International Event, must be made from those nominated in the preliminary nomination.

The limit of 12 coaches does not apply to this Championship. According to the Bylaws 16.3.1 (Eligible Coaches), the Organiser has granted an exemption to the standard quota. Each Nation may nominate an unlimited number of coaches. This increase does not impact operations, as the number of coaches allowed in the warm-up and preparation areas remains strictly governed by the IPF Technical Rules.

According to the IPF Technical Rules [Page 4, item 7] on the submitted Final Nomination Form you must send the finalized list of the athletes that will take part in the championship. At the Technical Meeting you can only delete athletes from your final nomination form, and no one can change weight classes.

Changes may occur to the timetable of events. All changes will take place at the Technical Meeting that will be held on **Sunday, 7th of March 2027** at 11:30. Information regarding the A and B groups will be given at the Technical Meeting.

Any National Member Federation that has been affiliated with the EPF for more than five years and nominates from five to nine athletes for an EPF Event must include qualified international referee among its team officials. If National Member Federation nominates from 10 to 14 athletes, then two referees are needed, from 15 to 19 athletes then three referees are needed, from 20 to 24 athletes then four referees are needed and 25 or more than five referees are needed.

One referee of the National Category per Nation is allowed to be nominated to fulfil the duties of the Technical Controller. These referees must be available to officiate on the platform or serve on the Jury for a minimum of four sessions.

Referee nominations shall be submitted only for available time slots as displayed in the system at the time of submission. Once a time slot has reached its maximum capacity and is marked as full, no further nominations for that slot shall be accepted. In case a selected time slot is full, the Member Nation shall nominate the referee for another available open slot.

A Member Nation may nominate one referee in place of several requested referees, provided that he or she officiates the required number of sessions corresponding to those requests. In a situation when a nation is required to send more referees than the number of available timeslots, no fines will be imposed.

If the National Federation has not nominated the obligatory number of referees, the fee of Euro 500 must be paid for each lacking referee. This fee must be paid to the EPF Treasurer after the final nomination on the receipt of the invoice. If a nominated referee is absent or present but unavailable to perform their assigned duties,the athletes of that federation may still compete; however, the federation must pay a fine of EUR 500 for each referee duty missed by the unavailable referee.

For referees, 22nd of February 2027 is the last day for changes of categories for which referees have been allocated in the final nomination, as indicated by their national federation in the Goodlift system.

Referee duties, specified by the Technical Committee, are mandatory 14 days prior to the championships. Any changes, withdrawal, or no-show by a referee regarding the allocated duty at or after the Technical Meeting may result in a warning or a € 100 fine, depending on the reason. However, federations may allocate duties between their own referees at the latest at the Technical Meeting upon agreement by the appointed Technical Committee member (EPF By-Laws 18.6).

Victory Ceremonies will be held at the end of each lifting session. It will be mandatory that each athlete wear their national team tracksuit for the award presentation.

If the organizer does notreceive confirmedcancellations of hotel rooms at least 21 days prior to the championship, all hotel costs will be the responsibility of the nominated lifters and officials. The same shall apply to participation and Anti-Doping fees.

All participating nations in the European championships should be represented at the Technical Meeting. If a representative of a participating nation is absent at the Technical Meeting prior to the European championship or has not informed about his/her absence by confirming the participation of his/her federation's nominated lifters (by e-mail), a fine of 250 Euro will be imposed on the concerned national federation (EPF By-Laws 18.2).

The confirmation of absence from the Technical Meeting must be sent between the date of the final nomination and the start of the Technical Meeting to the EPF Championship Secretary , Tero Hyttinen, email: tero@europowerlifting.org, with a copy to the EPF Treasurer Xavier de Puytorac, email: xavier@europowerlifting.org. The confirmation must include changes in the list of referees and changes in the final nomination.

Indemnity & Insurance: All participating federations and their delegated athletes and officials agree to indemnity and not hold the organizing committee accountable for or against any claims for personal injury, financial loss, death, or property damage, in any form, arising out of or in any way resulting from the participation in, postponement, or cancellation of this European Championships.
