| 15. Bids and confirmation on Future Championships | |
| 16. Any other Business | |
| 17. Adjournment | |

.....
- Technical meeting with team nominations and technical details after the General Assembly.
.....

3) President's report.

Welcome.

On behalf of EPF I wish delegates and guests welcome to the 2022 General Assembly.

I want to thank the meet director Vladimir Mati and the Czech powerlifting president Miroslav Vacek for inviting us to Pilsen again!

I am looking forward to a pleasant stay and a well organised championship!

General status.

Year 2021 was a special year due to the Covid-19 pandemic, but in the second half of the year, EPF managed to organize all championships scheduled, but the number of lifters were lower than normal.

Mainly because of the strong sponsorship from Rogue and A7, the economy ended sound with about 40.000 Euro plus.

Awarded European Powerlifters 2021.

The best lifters at both European and World Open championships according to IPF GL points, have every year since 1995 been awarded *European Powerlifters of the year* except for year 2020. In this year no World championships and only one European championship was organized.

The following lifters are appointed European Powerlifters of the year 2021 selected from the average highest IPF GL score at the Europeans Open and the Worlds Open:

Equipped: **Sonja Stefanie Krueger** GER and **Volodymyr Rysiyev** UKR

Classic: **Prescilla Bavoil**, FRA and **Anatolii Novopismennyi** UKR

European Championships 2021.

Statistics show that all together 1070 (*321) lifters took part in European championships and cups in year 2021.

European championships 2020 were organised in:

• Pilsen Czechia	PL	Master classic/equipped	137 (*133) Men and	47 (*97) Women
• Pilsen Czechia	PL.	Open/Jun/SJun. Equipped	91 (*0) Men and	76 (*0) Women
• Ekaterinburg	BP.	O/M/Jun/SJun classic/eq.	83 (*0) Men and	57 (*0) Women
• Hamm Luxembourg	PL.	WEC (equip./clas.)	28 (*0) Men and	28 (*0) Women
• Vesterås Sweden	PL.	Open/Jun/S.Jun classic	234 (*0) Men and	192(*0) Women
• Merignac, France	PL	University cup	25 *(36) Men and	26 (*31) Women

* = numbers in 2020.

Antidoping.

All doping controls are the responsibility of IPF (CCES) both in competition at World and European championships and cups and out of competition.

IPF focus now on Out of competition testing as instructed by WADA, because this kind of testing can be done at any time throughout a year independent of championships.

EPF will continue the anti-doping work by promoting anti-doping seminars and our member federations should focus on anti-doping if they want powerlifting to reach IOC status.,

Fair play and a healthy sport must be in focus.

Strategic plan.

The Executive board have every year worked out GA proposals and made up documents and routines to improve the organisation of powerlifting in Europe and to prepare for the future.

The document named "**Strategic plan**" was introduced in 2016 and is now updated for 2021 to 2024.

In this document the federation's views and plans for the future are included and helps us to work towards common goals. This document is our guideline for the coming years.

The EPF Strategic plan can be downloaded from the EPF web.

Marketing strategy.

The Executive members, in co-operation with **Emanuel Scheiber, Eric Rupp and Richard Haywood**, work to line out all information needed to present EPF as an attractive partner for sponsors and collaborators.

Such information is necessary because any sponsor must know what benefit his company will get from EPF if the company puts money or resources into the federation. Any sponsor looks at how he can get his

Media.

The by far most important media measures are high quality streaming of our championships. This reaches people all over the World and a high number of followers are registered at all streamings we do.

As the economy has raised – mainly through the sponsorship of Rogue, A7 and SBD as well, EPF intend to make up to 5 streamings in year 2022.
Each streaming has a cost of 25.000-30.000€.

Our new media secretary, **Juliette Memmott**, works effectively to post PR's previous, during and after our main championships. She is conducting interviews to highlight our lifters and officials and is now the author of the EPF Newsletter.

Sponsors.

The strong support from our sponsors in donated materials and economic contribution, strongly helps EPF to support our organizers and maintain the high activity we have to bring powerlifting forward. Our goal is to bring EPF up to the level of Olympic recognized sports.

The donated material of IPF recognised equipment to organizers of European championships and cups are 88.500€ yearly.

A big thank you to *Rogue Fitness, A7 Fitness, SBD, Eleiko, Titec, Pallini and Leokol*.

Thanks to the EPF Officials.

The administration and daily workload to run EPF are increasing from year to year. Now we run championships in both classic and equipped and the EPF officials are doing a great voluntary work to keep up everything. Some officials have more or less a full-time work with EPF matters.

No federation or company is better than the people doing the work and I am proud to state that EPF has dedicated and hardworking officials who cooperate very well in the administration team and also cooperate well with our members.

Thank you very much to the Executive Board members **Xavier de Puytorac, Ralph Farquharson, Bjørn Astad, Myriam Busselot, Sandro Rossi, Tero Hyttinen** and assistant **Jiri Hofirek** as well as all EPF officials in various committees - you do a great work to run and administrate EPF!

Oleksandr Kopaev is our employed Computer Secretary and works tirelessly at every European championship. His efforts on computer programming and competition registration are a great part of running perfect organized championships. A big thank you to "Sacha"!

Anatoliy Stetsenko is the EPF Registrar and sorts out the record lists and issues record diplomas to every record setter. This is quite a comprehensive and time-consuming work. Thank you very much!

EPF's two auditors, **Silva Katutyte** and **Pavol Müller** do a great job to control the EPF accounting and our consultant **Emanuel Scheiber** keeps up our sponsors.

Our Media Secretary, **Juliette Memmott**, works to bring our sport known to the general public as well as to our big family of powerlifters.

Thank you all!

Good luck.

I hope we will have useful discussions and make good decisions at this General Assembly and I wish you all a successful European Open/Junior/S.Junior Equipped Powerlifting Championships 2022!

Arnulf Wahlstrøm, EPF President

4) Minutes of the last Congress.

The Minutes can be downloaded from the EPF web.

<http://www.europowerlifting.org/about-epf/general-assembly-congress/> .

No remarks have been received.

5) EPF Account 2021 (All values are in Euro)

Treasurer Report 2021

Another year with Covid but better than 2020.

In first we have a new record with 38 members. The EPF continues its development and we are very proud of it.

We have organized all the championship but with only 1110 lifters instead of 1500 (in the provisional budget).

So we have €35 000 less in Participation Fees but with the new sponsors we have had enough money for the development.

We finish with a surplus result of €41 148.79 €.

The explanation for this result is mainly due to the fact that we only organized 2 streaming with Viva TV instead of the 4 planned.

To finish, it remains an anti-doping fund, so do not hesitate to ask for some help for educational and anti-doping actions.

Please find below 2021 accounts with details in €.

	Budget 2021	Result 2021
Expenses		
1 Sports Development	115050,00	105230,77
2 Media Marketing	115000,00	78420,66

Xavier de Puytorac, EPF treasurer

Report from the Auditors Committee.

Dear members of the EPF Congress,

Mr. Xavier de Puytorac as a treasurer provided both auditors, i.e. Mrs. Silva Katutyte and Mr. Pavol Müller with all accounting documents and bank statements needed to perform the audit. Thus, via Dropbox tool, the

whole accounting system was available for an accounting records evaluation and a comparison of moves on bank accounts, as well. Financial situation is presented in a simple accounting system.

Anyway, as for 2021 year no significant accounting issues/failures in regard to financial results were found out. Those all minor faults have been all corrected, of course.

Certain structural deficiencies in reporting are limited by the excel program in which the accounting itself has been kept.

For a post of additional referee, we recommend to set up relevant selection criteria for a nominee; regarding reimbursement of additional referee costs we recommend to adopt this approach also on to duly nominated referees, in case of a good financial situation.

As for the use of free financial resources we recommend to evaluate all possibilities available so they meet valid Norwegian legislation in force, where the EPF is registered.

On the basis of the audit performed we can confirm following:

The presented financial result is correct, it is based on accounting and it does correspond with the bank statements within 31.12.2021. Within 31.12.2021 the current bank account status is 208 538,59 EUR.

Last but not least we would like to thank Mr. Xavier de Puytorac for his hard work.

We wish you all a successful Congress.

Silva Katutyte, Pavol Müller
EPF auditors

6) Secretary General Report

Dear Delegates, Ladies and Gentlemen

Welcome all member nations to the 2022 General Assembly
The EC board continue to deliver Championships and Cups during the Covid-19. We manage to organize six (6) of our scheduled championships the number of participants was reduce this was expected due to lack of training and difficulty obtaining flights to championship.

Organizer

The EPF now have two major sponsors in Rogue Fitness and A7 Fitness this enables the executive to help all our Organizers with new equipment to ensure athletes have the best conditions to perform their skill without the danger of injury. EPF in turn supply all spotters with full uniform, shirts, shorts, socks, and safety shoes. This will help to raise the standard of the sport with our sponsors, social media, and the watching public.

Marketing

Our consultant Emanuel Scheiber continues to work toward the development of EPF, not only is he working with sponsors he is also working with TV company like Eurosport, IOC and WG channels to get the sport seen by the general public.

EPF Media

This was one of the weak areas of our sport, our media secretary Juliette Memmott has done a wonderful job to bring our sport to social media, she is looking for your support to put her in contact with the media in your area. Please contact her at juliette.memmott@europowerlifting.org, please help her to develop the sport.

Livestream

Viva TV continues to be one of the strong arms of EPF Powerlifting, they are now broadcasting EPF Championships on the World Game channel. This year they are live streaming 4 of our championship and in 2023 they will increase to 5 livestreaming. Together with Goodlift System all EPF championships/Cup are now livestream

EPF Speakers

In our first year of using only EPF approved speakers it has worked well, however we are looking to develop a pool of good quality speakers, if there are any good speakers out there that can master the English language and willing to do some work as speaker for EPF please contact me Ralph Farquharson ralph@europowerlifting.org

Spotters

As the standard of lifting continue to increase so is the danger of injury. We are now asking all our organizers to guarantee good quality spotters for, EPF in turn supply all spotters with full uniform, shirts, shorts, sock, and safety shoes. This will help to raise the standard of the sport with our sponsors, social media, and the watching public

Sponsors

Sponsors are the life and blood of sport and to that end I would like to say a big thank you to all our sponsors during 2021 and hope you continue for 2022

I would like to thank President Arnulf Wahlstrøm for his continued leadership in making the European Powerlifting Federation one of the strongest regions within the IPF, thanks also to the other EC members for their hard work throughout another difficult year. My best wishes for a successful General Assembly.

Ralph Farquharson, EPF Secretary General

7. Vice President Report.

Dear Members Nation

As Vice President I have had the honor and the privilege to cooperate with the other Members of the Executive. This cooperation has resulted in the exchange of numerous and daily email and some meetings held by the internet platforms, in order to optimize the operation of our sport and democratic life.

The year 2021 was year of our restart. Many Nations since June 2021 organized their National Championships.

Under the guidance and the stimulus of the Executive, the Organizers of the European Championships were doing a wonderful job and we had a better second half of 2021.

Regarding the reports that I present every year, I show:

- the Calendar of 2021 with the past competitions;
- the Calendar of 2022 with the future competitions;
- the situation of Club and Member in some Nations.
-

Regarding these statistics it must be noted:

- only 13 Nations sent to me their report within the 15th of February, even the request to all Nations was sent by our secretary General about on 15 of January. For the 2023 the Executive hope in a better cooperation from the Nations in this field: it is in the interest of all of us!
- Many nations of the 13 have a streaming for their competition and this is a very good signal for our sport;
- it is reported that the Classic powerlifting have a great number of lifters in National competitions, as compared to the equipped.

I take this occasion to give a warm welcome to Malta: this new Federations were recently accepted in the IPF and EPF family. Good luck and always “good lift”.

I wish to all Delegates a fruitful General Assembly.

I want also to express to the Czech Powerlifting Federation many thanks for the organization of 2022 European SJ/J/O equipped Championships.

Sandro ROSSI, EPF Vice President

8. Committee Reports.

- Auditor Committee Report

See chapter no. 5

- Technical Committee report.

2021 will have been also a very special year from all points of view.

The spread of the Covid-19 pandemic across the world has indeed deeply affected everyone's lives and projects, but all came slowly back.

Organized sports activities in the beginning of the year were put on hold, but some federations found some opportunities for training in their clubs.

Now we must do everything to prepare the recovery in the best possible conditions after this COVID-19 situation.

I hope that the good health of our sport will be confirmed in 2022.

In 2021, I have had the opportunity to assist at only two international championships.

I hope that in 2022 all will be as before and that the life of our sport can get back on the right way.

We will continue to take initiative and take a proactive approach by working for the best interests of our powerlifting family.

European referees in 2021

24 European Referees Cat 1 & and Cat 2 passed examination during 2021.

I hope that many exams can also be done during this championships in Pilsen.

All the best to the Czech Federation with the European Open, Junior and sub-Junior Equipped Powerlifting Championships.

Myriam Busselot, EPF Chair Technical Committee

- Law & Legislation Committee report.

Dear Delegates of member federations,

The Committee consists of two members from May 2019; Tero HYTTINEN (Chairman) from Finland, and Patrik THUR (Member) from Sweden.

The EPF Law and Legislation Committee duties are ordered in the EPF Constitution and By-Law documents. The four basic tasks are:

- Shall receive any proposals regarding Constitution and By-Law documents of the EPF from member nations within the proper time frame, evaluate accordingly and suggest to the EPF Executive Committee

alternative courses in action

- Shall serve as the parent committee in further amending the Constitution and By-Laws
- Is responsible for updating the Constitution and the By-Laws
- Shall study the Constitutions of new applicant nations and report the results to the Secretary General.

The latest activity year has included two main events affecting to the contents of the EPF Constitution and By-Laws. They were IPF Extra Ordinary General Assembly held as email meeting in march 2021, IPF General Assembly held 26th September 2021 Halmstad Sweden and EPF General Assembly held 2nd August 2021 in Pilsen, Czech Republic. Also, EPF EC held few fruitful meetings in Zoom last year to discuss important issues of rules to further develop.

The co-operation between the Committee and the other EC Members and committees has been done in extremely good spirit and been very professional even middle of this pandemic situation that we are having just now.

We wish you all good health and better future when we can start our sport again in full speed after these restrictions we are still having.

Tero Hyttinen (Chairman), and Patrik Thur (Member)

.....

- EPF Championship Secretary Report.

2021 have been a year where it was great uncertainty if we were allowed to organize championships or even to leave the country due to covid-19 restrictions.

Despite this we managed to organize all the European championships schedule for 2021 in the last six months of the year. The organizers did a good job to both organize and to implement imposed Covid restrictions.

The organizers of the championships are of great importance to the sport. Without the organizers there wouldn't be any championships. I would like to thank the organizers for the important job they are doing for the sport.

There is a problem to get a sufficient number of referees, especially at the first part of European Junior Championships and at the Masters Championships. In 2021 this was especially challenging. I would like to ask representatives of all European member federations to help us solve this problem.

There have been some situation where nations have not attended Technical Meeting. All participating nations should be represented at the Technical Meeting. If a representative of a participating nation is absent from the Technical Meeting they must inform the Championship Secretary by mail. The confirmation of absence from Technical Meeting must be sent between the date of the final nomination and the start of the Technical Meeting. The confirmation must include any changes in the list of referees and changes in the final nomination.

With hope that 2022 will bring greater compliance in the world to the three values of Olympism: excellence, friendship and respect.

Bjørn Astad Championships Secretary and Jiri Hofirek Championships Secretary assistant

.....

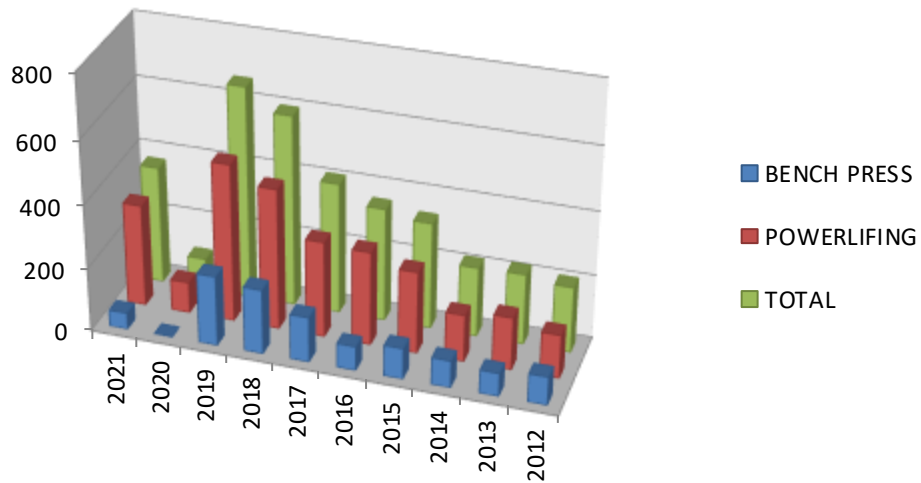

- Women's Committee Report.

Dear Delegates and Member Federations,

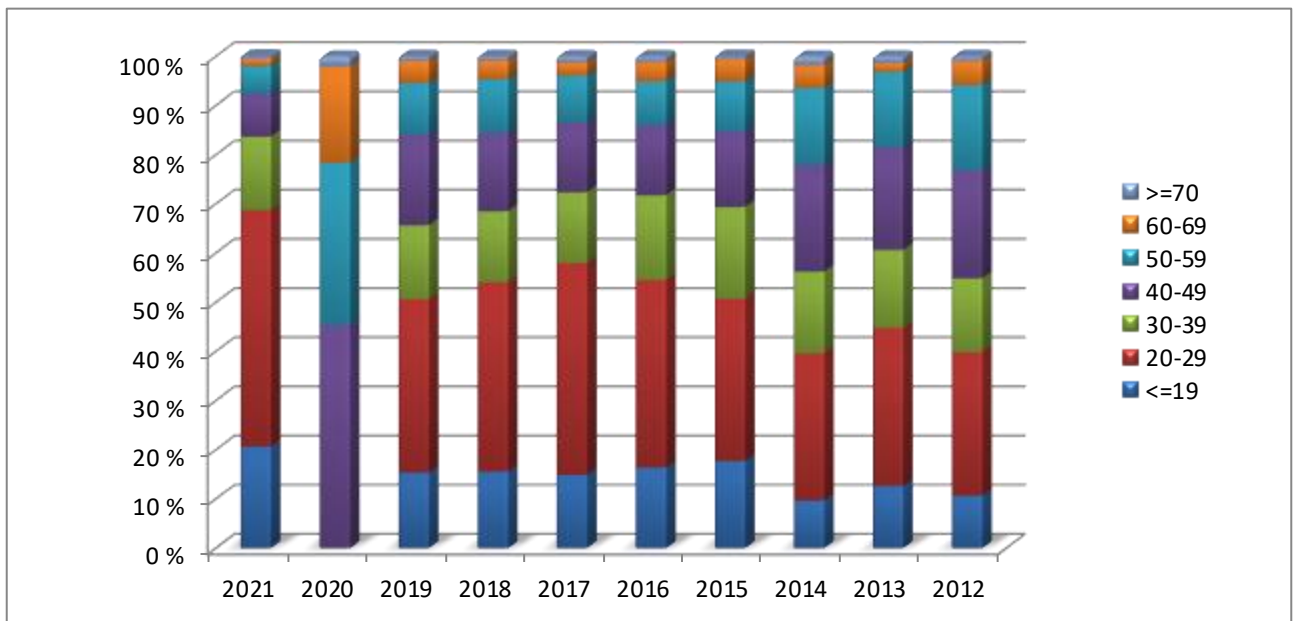

As usual in the EPF website, following the link “About EPF - Women’s Powerlifting”, you can find the statistics for the period 2000-2021 concerning the participation of female lifters in Powerlifting and Bench Press Competition and also the distribution by Nation, with special focus of last ten years.

In particular, the trend of the last ten years is shown in the following charts.

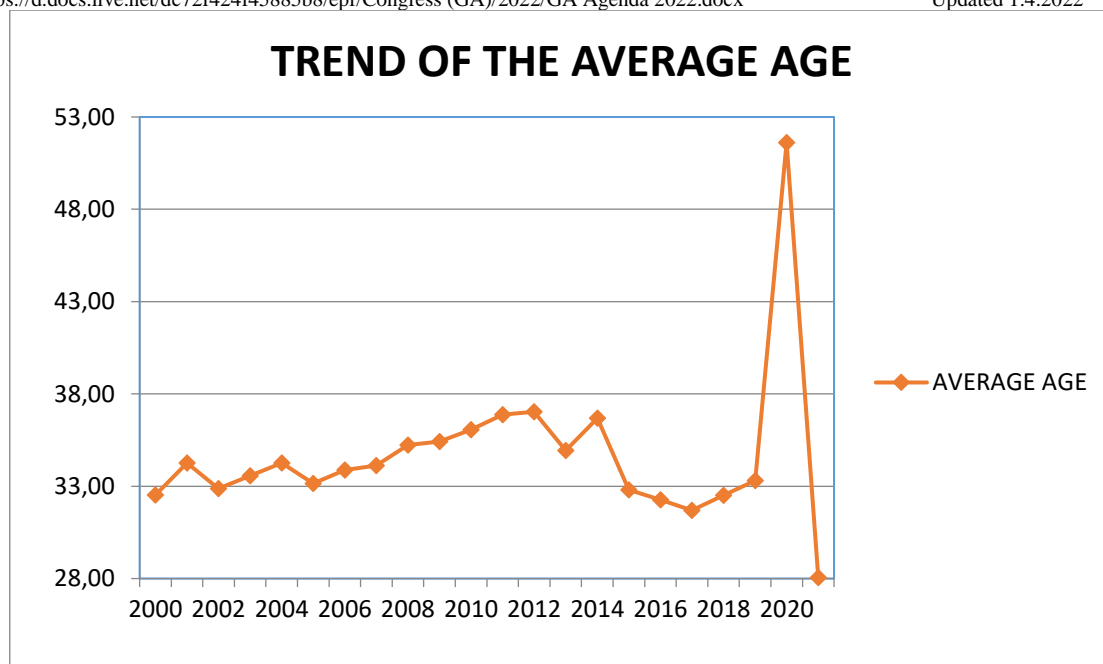

Number of female lifters:

Distribution for age class:

Trend of the average age in the period 2000-2021:

Maria Pia Moscianese – EPF Women’s Committee Chairwoman

9) Election.

No election 2020.

10) Proposals.

All from the EC.

- **By-Law 104.3 update**

A “Best Team” award, **represented by 5 medals**, is given to teams placed first, second and third based on the Technical Rules score system. Awards for Masters are optional. **The victory ceremony takes place at the venue.** ~~are handed out at the championship banquet if at least one representative from the lifters nation is present to receive the awards.~~

Reason: To follow IPF standard.

- **By-Law 103.2 update.**

The participating national federations shall pay a doping test fee of EUR ~~50~~ **60** for each entered lifter and declared at the final entry form. In addition to the doping test fee, participating national federations shall pay a participation fee of EUR 90 per lifter for each lifter entered and declared on the final entry form.....

Reason: To follow IPF rules.

- **By-Law 104.4 Medals.**

104.4.1.

The EPF shall maintain standardised medals which are obligatory for use at all European championships. **The medals shall be** ~~if the medals are not ordered from the EPF Secretary General, the organizer must provide an example of the layout of the medals he will provide not later than 6 months before the championship to be inspected and accepted by the EPF Secretary General.~~ Medals to be presented for first, second and third places in each category based upon

totals. In addition, medals or merit award certificates shall be presented for first, second and third places in the individual lifts of Squat, Bench Press and Deadlift in each category. Lifter must make a total in the competition in order to qualify for an award. In the event of two competitors lifting the same weight, the lighter lifter will be declared the winner. The face of medals to be inscribed with the EPF-emblem and suitable wording. The reverse to remain blank for use by the promoter at his own expense.

Participation awards or medals shall ~~Other awards may~~ be provided according to the custom of the host nation.

Reason: To secure a good standard of all medals. IPF and EPF will order all medals from the same provider (in Austria) and the high amount of medals ordered will lower the cost.

By-Laws 105.13. Including a Referee in National Teams, Fine, Restriction.

- Any nation, being a member of IPF more than 5 years, participating with more than 3 lifters in EPF championships or EPF cups, should include international referee(s) among its team officials available for refereeing or being a member of the jury at least two **entire competition** days. The host...

Reason: To make it possible for the Technical Secretary to make up a complete referee and jury list for the competition.
