

## **EPF GENERAL ASSEMBLY 2025**

**Place:** Malaga, Spain

**Date:** Wednesday, 19<sup>th</sup> of March 2025

**Time:** 09:00 CET

### **AGENDA**

1. Welcome by the President
2. Roll call of Nations and Delegates
3. Minutes of the Last Congress
4. President Report
5. Vice-President Report
6. Treasurer's Report
7. Auditors' Report
8. Approval of the Budget for 2025
9. Secretary General's Report
10. Technical Commission Chairwoman's Report
11. Championship Secretary's Report
12. Law and Legislation Commission Chairperson's Report
13. Women's Committee Chairwoman's Report
15. Elections
16. Proposals
  - 16.1 EPF EC Proposal #1
  - 16.2 EPF EC Proposal #2
  - 16.3 EPF EC Proposal #3
  - 16.4 EPF EC Proposal #4
  - 16.5 EPF EC Proposal #5
17. New Member Applicants
18. Action on Delinquent Nations
19. Hall of Fame
21. Any other Business
22. Adjournment

## **Welcome by the President**

On behalf of the European Powerlifting Federation (EPF), I extend a warm welcome to all delegates and guests for the General Assembly (GA) in 2025. I would like to express my gratitude to the Spanish Powerlifting Federation, President Eduardo Prada, and Meet Director Francisco Gutierrez for organizing the GA in Malaga, Spain.

### **1. Roll call of Nations and Delegates**

### **2. Minutes of the Last Congress**

The Minutes can be downloaded from the EPF web.

[https://www.europowerlifting.org/fileadmin/data/general\\_assembly/2024/Minutes\\_of\\_the\\_GA2024.pdf](https://www.europowerlifting.org/fileadmin/data/general_assembly/2024/Minutes_of_the_GA2024.pdf)

[https://www.europowerlifting.org/fileadmin/data/general\\_assembly/2024/Minutes\\_of\\_the\\_XGA2024.pdf](https://www.europowerlifting.org/fileadmin/data/general_assembly/2024/Minutes_of_the_XGA2024.pdf)

No remarks have been received.

### **3. President Report**

#### ***General overview***

2024 was a successful year. All championships were organized well and participation levels of athletes competing are rising annually. Numerous European and World records were set and 60 European athletes out of 96 from the whole world were selected for the World Games. The support from our partners increased and that gives us the possibility to increase the support for the organizers. Financially we finished 2024 with a slight surplus and the economic situation is good. Plans for 2026 and preparations for the 2025 season are progressing satisfactorily.

Still the war of Russia against Ukraine is a black shadow over Europe and harms sport, people, and the economy. Therefore, the federations from the countries involved

remain restricted from participation. However, we stay hopeful for a resolution to the situation in Ukraine.

### ***Governing the EPF/Administration***

The daily workload to run EPF increases year by year. The Executive Board members are the ones who conduct most of the daily work. Today, we have people in the Executive Committee with good qualifications and experience to complete all the necessary tasks. But all work has been voluntary, and the workload is close to a full-time job for some of the officials.

At the end of 2024, the EPF Vice President Stéphane Hatot chose to resign from his position. In January 2025 Myriam Busselot was appointed as acting EPF Vice President until we have an election for this position, but no longer than until GA 2026.

The success of any federation or organization is fundamentally rooted in the dedication and commitment of its people. I am proud to acknowledge the hard work and cooperation of our officials and contracted personnel, who have collaborated effectively within our leadership team and with national member federations. Their efforts are commendable, and I extend my heartfelt gratitude to all involved in advancing European powerlifting.

### ***The Constitution and By-Laws***

The annual EPF GA for 2024 was convened in Croatia on March 15. Delegates from twenty-five member nations and six EPF Executive Committee (EC) members attended the assembly. A primary focus of the agenda was the proposed restructuring of the Constitution and By-Laws as mandated by the International Powerlifting Federation (IPF).

During the assembly, significant discussions arose regarding the voting rights of the GA and EC members. The central question was whether the GA should retain its voting rights to amend the By-Laws, and if so, whether the EC members should maintain their voting rights. The initial proposal presented at the GA in Croatia did not include these rights. Following extensive deliberation, the EC withdrew the proposal.

A revised proposal was subsequently developed, which incorporated two crucial voting principles: the GA would retain voting rights on any amendments to the Constitution and By-Laws, and EC members would maintain their voting rights. This new Constitution and By-Laws were ratified during an extraordinary GA held in Pilsen, Czech Republic, on October 9, with delegates from seventeen member nations and four EPF EC members in attendance.

### *Championships*

2024 marked a successful period for the EPF, with all eight scheduled European championships being organized and participation levels rising annually. A total of 2,235 athletes competed in 2024, reflecting an increase of over four percent compared to 2023 and a ten percent increase relative to 2022. For 2025, we anticipate a slight increase in athlete participation.

The numerous European and World records set in 2024 and the selection of 60 European athletes out of 96 from all over the world for the World Games are a testament to the federation's dedication and hard work.

EPF wants to provide equal treatment in status, rights, resources, and opportunities to all the EPF members, regardless of their race, gender, ethnicity, age, origin, language, religion, convictions, opinions, health, or disability, avoiding discriminatory laws, policies, and practices. That's why we will add the Special Olympic division to our events from 2025 on an annual basis.

### *European Championships 2022 –2024 number of lifters attended the Championships*

CHAMPIONSHIPS	NUMBER OF LIFTERS		
	2022	2023	2024

<b>TOTAL NUMBER OF LIFTERS</b>	<b>2041</b>	<b>2142</b>	<b>2235</b>

*Source: Goodlift*

### **EUSA**

In 2024, the EPF successfully established a partnership with the European University Sports Association (EUSA). A Memorandum of Understanding between the EPF and EUSA was signed at the EUSA Executive Committee meeting in Portugal in April 2024. In 2025 and 2026 EPF will still organize the University Cup, but from 2027 this event will be organised as the EUSA Championship.

### **Awards 2024**

Each year, the EPF recognizes the top European powerlifters based on their performance by the IPF GL points from both the World Open and the European Open championships, with athletes required to have competed in both events.

### ***The European Powerlifters of the Year for 2024***

Name	Disiplin	Male/Female	Nation
KULA, Zuzanna	Equipped	Female	Poland
RYSIYEV, Volodymyr	Equipped	Male	Ukraine
MULUH, Sonita Kyen	Classic	Female	Belgium
KENGAMU, Jurins	Classic	Male	Great Britten

The "EPF Hall of Fame" is an honorary body whose purpose is to honour members who have made an outstanding contribution either by way of lifting achievement or service in general to the sport of powerlifting in Europe. A maximum of two athletes and two officials, male and female, may be elected to the Hall of Fame each year. In 2024 the EPF Hall of Fame honours were awarded to Herbert Krebs (Austria, official), Kozlova Olena (Ukraine, lifter), and Ove Lehto (Finland, lifter).

### ***Media and Marketing***

Social media is currently the keyway and a driving force for promotion. To improve the representation of the EPF and to get better visibility we started a cooperation with Tera Promo, a professional team of social media workers. The work includes making the highlights of the events, taking interviews, making teasers before the events, using targeting, etc. The result is an increase in followers both on Instagram and Facebook, one of the videos became viral and reached out to 280 thousand people.

To ensure balanced and top-level coverage of the EPF events, standardized streaming is provided of the main European championships by the Viva TV company. This guarantees the unique style of the video supported by professional commenting.

In 2025 for the first time the European Open Classic Powerlifting Championship will be covered by pan-European television sport company Eurosport. This channel's net is spread over 54 countries. Broadcasting is being conducted in 20 languages. The cooperation with Eurosport gives unprecedented benefits for the EPF both in terms of the powerlifting promotion and commercial possibilities for the EPF partners, which result in increased sponsorship packages.

### ***Partners***

The support of the EPF Partners in 2024 has been instrumental in enhancing the quality of our championships and providing high-quality streaming services. This

collaboration has enabled the EPF to support organizers with free equipment, medals funded by the EPF for all championships, support for spotters, and additional financial assistance.

In December 2024 EPF and Maniak Fitness company entered a strategic partnership aimed at enhancing the cooperation across the European region. The powerlifting equipment produced by Maniak Fitness company will be provided for all the major EPF events during 2025-2028. I have no doubt that our collaboration will live up to expectations and contribute to the further development of powerlifting in Europe.

In 2025 our partners are SBD Apparel Limited, Visit Malta, Elite Sport Nutrition, and Maniak Fitness. With the support of our partners, we have the possibility to take European powerlifting on a journey towards a new future. However, the contracts with partners, the European University Sports Association, Eurosport, and other organizations contain requirements that must be complied with.

I hope we will have useful discussions and make good decisions for powerlifting in the future at this General Assembly.

*Bjørn Astad*

*EPF President*

## **5. Vice-President Report**

Ladies and Gentlemen,

The European Powerlifting Federation is doing well and the number of participants in the various championships is increasing for both men and women. We also have a lot of young people (men and women) in the sub-junior and junior competitions. This clearly shows the dynamism of our discipline. The EPF has organized 8 competitions

on European soil (Croatia, Spain, France, Luxembourg, Malta, Czechia and Turkey) and we can be pleased with the level of these organizations because they are increasingly professional.

Regarding the activity of the Steering Committee, we had a face-to-face meeting in Luxembourg on January 12 and 13, 2024.

I resigned from my position as vice-president in December 2024.

I wish the EPF steering committee all the best.

*Stephane Hatot,*

*EPF Vice-President*

## **6. Treasurer's Report**

EPF continues its development and we are very proud of it.

We have a very good participation with 2300 lifters (without Russia and Belarusian) instead of 2150 in the provisional budget. So we have 13 500€ more in Participation Fees. We had a very good incomes with sponsors. About 600 000€.

With this money, we spent 98 734€ more in the budget for Sports Development and Media Marketing and we gave more money (46 283€) for organizers. With Computer Secretary, in total we spent 668 517€ (74.12%) for that.

EPF confirm, we used the money to have more and more high level for organisation.

EPF needs this for Development and Sponsors.

As each year I show you the amount of the penalties, 16 100€ in 2024. The good side of things is that we have money to have more referees during championships.

We finish with a positive balance of 85 053.38€ and we have a very good financial situation with 308 807.49 €.

We are ready to pay Eurosport in 2025.

*Xavier de Puytorac,*

*EPF Treasurer*

## 7. Auditors' Report

### Auditors' Report 2025

Mr. Xavier de Puytorac as the EPF Treasurer provided both auditors, i.e. Mrs. Silva Katutyte and Mr. Nedim Görel with all accounting documents and bank statements needed to perform the audit. Thus, via Dropbox tool for Silva Katutyte and in the IPF office for Nedim Görel, the whole accounting system was available for an accounting records evaluation and a comparison of moves on bank accounts, as well.

Financial situation is presented in a simple accounting system.

On the basis of the audit performed we can confirm following: The presented financial result is with a positive result of 85 053.38 EUR is based on accounting and it does correspond with the bank statements within 31.12.2024. ✓

Within 31.12.2024 the current bank account status is 308 807.49 EUR. ✓

50 797.07 EUR in the Business Account ✓

258 010.42 EUR in the Saving Account ✓

We wish you all a successful Congress.

  
17.01.2025  
Silva Katutyte, Nedim Görel,

<b>Bank Interest</b>	<b>7 500 €</b>
<b>TOTAL</b>	<b>1 056 350 €</b>
<b>Balance</b>	<b>0 €</b>

## **9. Secretary General's Report**

Dear EPF Member Nations,

Welcome to all the Delegates to the EPF General Assembly 2025.

The year 2024 proved to be a pivotal period for us as we advanced our ongoing projects and implemented numerous ideas into practice. During this time, I was fortunate to visit 6 out of the 8 European Championships and hold meetings with the Executive Committee. A significant milestone was the adoption of the updated EPF Constitution and By-Laws at the XGA 2024 in October.

In alignment with our Strategic Plan for the development of the EPF over the next four years, we focused on enhancing our marketing strategy and social media presence. Our efforts aimed to elevate the profile of EPF events within the sporting community.

We have witnessed changes among our esteemed Partners. Contracts with Rouge Fitness and HS Power Ltd. have concluded, and I would like to express my heartfelt gratitude for their support of the EPF, hoping our collaboration has yielded benefits for both sides. Conversely, I am pleased to announce that Maniak Fitness has elevated its partnership with us, becoming a Premium Partner for powerlifting equipment. This partnership ensures stability and security, with Maniak Fitness equipment to be used at all our major events. We also continue to maintain strong relationships with our other Partners: SBD, Visit Malta, and ESN.

Starting from 2025, the European Open Classic Powerlifting Championship will receive coverage on Eurosport, a significant step forward for both our Federation and our Partners in terms of promotion and visibility.

Our Partners have consistently provided equipment for EPF events and uniforms for loaders and spotters, along with their financial contributions. This unwavering support has enabled us to enhance the quality of powerlifting championships across Europe and provides substantial assistance to event organizers.

I believe our organizers have already recognized the increased support from the Federation, and we remain committed to finding ways to deliver even greater assistance and at the same time we elevate expectations for event organization.

One initiative we are currently developing is the equitable distribution of participation fees among all organizers throughout the year—a proposal that will be discussed and voted upon.

In furtherance of our mission, the Sport Development Fund has dispatched powerlifting equipment to the Hellenic and Georgian Powerlifting Federations. We anticipate that this contribution will foster growth and development within these Federations.

To improve the efficiency of our social media strategy, we have enlisted the professional services of Tera Promo, whose enthusiastic team is full of innovative ideas. The results of our collaboration are already evident in the growing numbers of followers, views, and likes in our social media accounts.

We have also updated our website to ensure it is modern, user-friendly, and easily accessible. In January, we organized a Media Workshop for our media team to encourage learning, collaboration, and strategic planning.

Regarding streaming, we continue our partnership with Viva TV and Eric Rupp. In 2025, we have already four EPF events scheduled for streaming on Viva TV:

- European Open Classic Powerlifting Championship (Malaga, Spain 18-23/03/2025)

- European Open, Junior, Sub-Junior, and Masters Equipped Powerlifting Championship (Pilsen, Czech Republic 02-11/05/2025)
- European Sub-Junior and Junior Classic Powerlifting Championship (Druskininkai, Lithuania 30/11 – 07/12/2025)

We signed a Memorandum of Understanding between the EPF and EUSA in July 2024 in Aveiro, Portugal. Throughout the year, we also worked diligently to arrange the 1st EUSA Powerlifting Championship. We prepared all necessary initial regulatory documents and established contacts with the NUSAs within the European area, including a bid received from Croatia.

In December, we had the honor of visiting Virovitica, Croatia, at the invitation of the Croatian Powerlifting Federation. It was a pleasure to witness the National Powerlifting Championship of Croatia and experience the spirit of camaraderie and support there. We are proud to see our National Federations growing, developing and succeeding.

Thank you for your attention, and I look forward to our continued progress and collaboration.

*Tetiana Melnyk,*

*EPF Secretary General*

## **10. Technical Commission Chairwoman's Report**

It hardly seems possible that it was one year ago I was writing a report to Congress 2024. Time certainly flies as one ages.

Many exams were done, thanks to Xavier de Puytorac for his help and good cooperation during my recovery in 2024.

Congratulations to all who have recently passed exams to become International Referees. Our thanks to the examiners for providing their time.

For the EPF it is especially important to have more referees participating in the championships. Without referees, no championships are possible.

We will start 2025 with five exams. Please be advised that EPF needs also more referees available during all championships and certainly women.

Also take a look in the rules: “The weigh in for each competitor will be done, only with his coach or manager of the same gender”.

*Reminder for all referees.*

Each national federation must specify on the Goodlift nomination the available days of their practical exam. Each referee must be available at least two days. Its on the Technical Committee to decide the day of their practical exam. Be careful, not all practical exams can be done the first days of the championships.

Any changes of a Referees duty may be reported to the Technical Committee Chairperson until 14 days prior to the Championship. After that date, the referees cannot expect to officiate in other duties than specified on the Referee duty list.

Any changes, withdrawal, or no show up by a referee regarding the allocated duty after the technical meeting, may impose a warning or 100 EUR in fine dependant of the reason and decided by the jury in cooperation with the appointed technical committee member.

If a referee(s) from that National Member Federation is not present, or if present, but is not available to act in the capacity of either a referee or a member for Jury for at least two days during the Event, the athletes are allowed to take part, but a fine of Euro 1000 has to be paid by the National Member Federation for each missing referee.

Reminder for all coaches.

Dress code for coaches at international events shall be national team tracksuit plus team or IPF approved t-shirt, or sport shorts plus team or IPF approved t-shirt, no Hats, not taking Pictures or Making Videos. Coach must adhere to this code failing which on the ruling of the Technical Controller or Jury may result in the coach being excluded from the event warm up room and competition surrounds.

All the best to the Spanish Powerlifting Federation with the European Open Classic Powerlifting Championship!

*Myriam Busselot,*

*EPF Technical Commission Chairperson*

## **11. Championship Secretary's Report**

The Championship Secretary shall ensure that major international events do not clash to achieve a well-organized calendar. With the increase of the number of international events there are still difficulties to avoid clash between the IPF and EPF championships.

The sport of powerlifting is growing in popularity and the number of lifters attending championships is increasing year after year. A consequence of this is long days during championships especially in classic powerlifting. To make competition days more reasonable we have added extra days for some of our Championships.

Other issue concerning growth of our sport is that we have quite often A- and B-groups in our championships. Especially in open and junior classic powerlifting championships. To ensure fair play for each lifter in these weight categories it is important that each federation nominates their lifters with the correct results from the

last 12 months before preliminary nomination ends from national or international championships. Result must be done in the same body weight category in which the athlete is going to lift at the championship. And fortunately, Sub-Juniors and Juniors equipped and classic World Championships this year will be held before the preliminary nominations to the respective European Championships are closed.

I would like to thank the organizers for the important job they are doing for the sport. The organizers of the championships are of immense importance to the sport. Without these people there would not be any championships.

I would also like to thank all the officials, and above all the referees, for their work and willingness to participate in this demanding and important function. There is still a problem to get enough referees, especially at the first part of European Junior Championships and at the Masters Championships. I would like once again to ask representatives of all European member federations to help us solve this problem. Without referees we are not able to organize championships that our great lifters deserve.

There have been situations where nations have not attended Technical Meeting. All participating nations should be represented at the Technical Meeting. If a representative of a participating nation is absent from the Technical Meeting, they must inform the Championship Secretary and Treasurer by email. The confirmation of absence from Technical Meeting must be sent between the date of the final nomination and the start of the Technical Meeting. The confirmation must include changes in the list of referees and changes in the final nomination.

With hope that 2025 will bring peace back for all our member nations and their countries – Ukraine has a special place in my heart and thoughts most of all. And I also

hope greater compliance in the world to the three values of Olympism: excellence, friendship, and respect.

*Tero Hyttinen,*

*EPF Championships Secretary*

## **12. Law and Legislation Commission Chairperson's Report**

In 2024 I have done my support to the EPF EC in order to put in line our Constitution and By-Laws with the similar documents of the IPF.

We had a meeting with a lawyer in Luxembourg and also we had many conference calls to write down these important documents that are the cornerstone of the democratic life of EPF. But the work is not ended and the common hope is that this final version of Constitution and By-Laws should be finalised in the present GA.

As member of the EC I was present at the following competitions in 2024:

- European Open Classic Powerlifting Championship (Croatia)
- Western European Championship (Malta)
- European Bench Press Championships (Turkey)
- European Junior and Sub-Junior Classic Powerlifting Championships (Pilsen).

I express my personal thanks to the AEP to for having organized this very important championship in Malaga,

*Sandro Rossi,*

*EPF L&L Commission Chairperson*

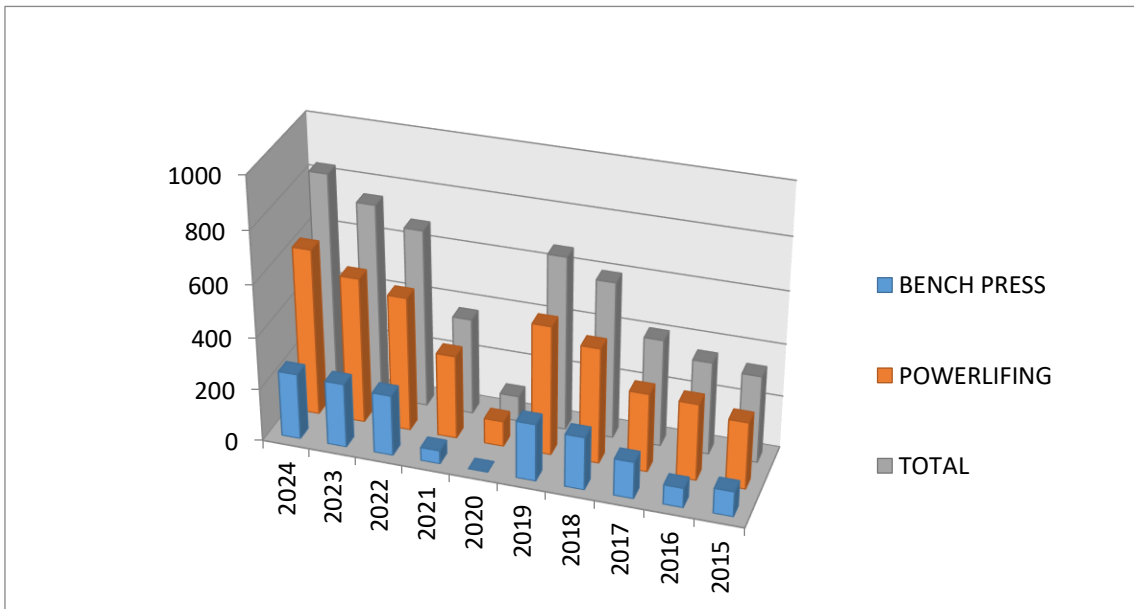

### 13. Women’s Committee Chairwoman’s Report

Dear Delegates and Member Federations,

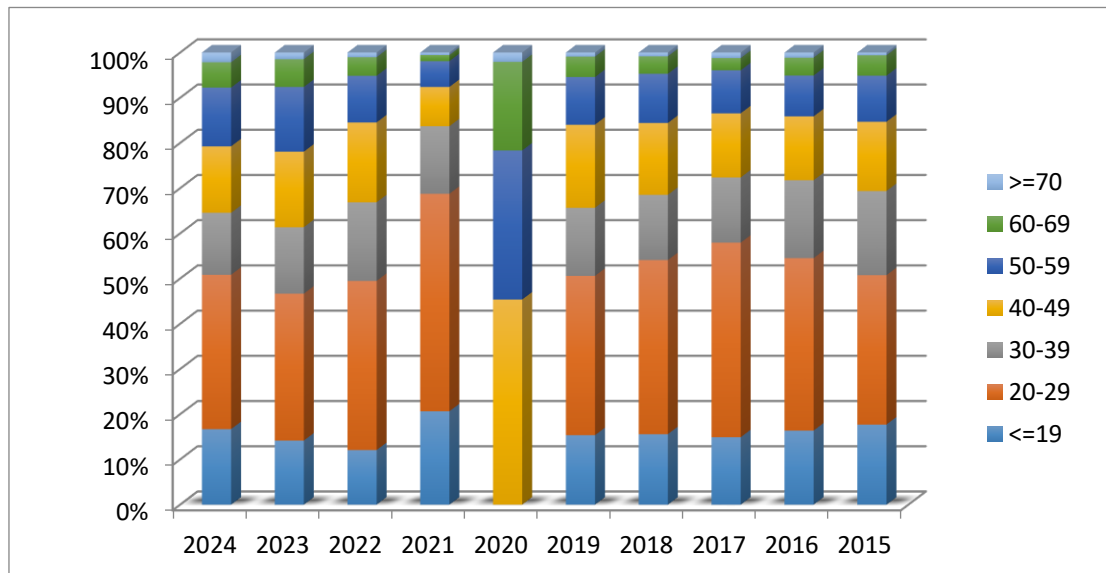

As usual in the EPF website, following the link “About EPF - Women’s Powerlifting”, you can find the statistics for the period 2000-2024 concerning the participation of female lifters in Powerlifting and Bench Press Competition and the distribution by Nation, with special focus of last ten years.

In particular, the trend of the last ten years is shown in the following charts.

#### Number of female lifters:

## Distribution for age class:

From those charts we can observe that the increase of female lifters taking part in European Competition continues in 2024, great satisfaction for our sport and our Federation.

I wish you all a successful General Assembly and Open Classic Powerlifting Championships in Malaga.

*Maria Pia Moscianese,*

*EPF Women's Commission Chairperson*

## 14. Outstanding Legal Matters

No matter.

## 15. Elections

No elections.

## 16. Proposals

### 16.1 EPF EC Proposal #1

#### CONSTITUTION

**Proposal:** to add “By-Laws” in the paragraph prescribing regulations on the proposals for amendments.

To add paragraph with the regulations on the voting for the By-Laws changes.

#### **Original text:**

#### **6.8 Procedures for the General Assembly Meetings**

6.8.3 All proposals to amend the Constitution must be submitted to the President, the Secretary General and the Chairperson of the Law and Legislation Commission, at least ninety days (90) prior the date of the General Assembly. The Executive Committee or a National full Member Federation, can submit amendments to the Constitution. The Secretary General shall send out all proposed amendments to the National Member Federations, at least thirty (30) days prior to the date of the GA.

#### **Proposed text:**

6.8.3 All proposals to amend the Constitution **and By-Laws** must be submitted to the President, the Secretary General and the Chairperson of the Law and Legislation Commission, at least ninety days (90) prior the date of the General Assembly. The Executive Committee or a National full Member Federation, can submit amendments to the Constitution **and By-Laws**. The Secretary General shall send out all proposed amendments to the National Member Federations, at least thirty (30) days prior to the date of the GA.

**6.8.6 A simple majority (1/2) of votes cast is needed to prescribe and amend the By-Laws with no quorum required. The changes take effect immediately unless the GA decides otherwise.**

## 16.2 EPF EC Proposal #2

### BY-LAWS

#### Proposal:

**To delete** the amount of the Anti-Doping Fee and substitute it with the wording “According to the IPF regulations”.

**To delete:** “The participating National Member Federations shall pay to the EPF an anti-doping fee of 60 Euro for each athlete entered and declared on the final entry form for all European Championships and events sanctioned by EPF. Anti-doping fees shall be clearly marked strictly for anti-doping purposes only. In addition to an anti-doping fee,”

**To change the wording:** “the National Member Federation shall pay participation fee of 90 Euro for each athlete and capitation fee of 50 Euro for each coach (head coach, coach, assistant coach) entered the final nomination form of all European events and those sanctioned by the EPF.”

Into

“The National Member Federation shall pay **Anti-Doping and** Participation fee for each athlete and capitation fee for each coach (head coach, coach, assistant coach) entered the final nomination form of all European events and those sanctioned by the EPF.”

**Reason:** The amount of the Anti-Doping fee depends on the decision of the IPF EC and according to the IPF regulations it can be changed by the EC anytime. The EPF cannot influence this.

**To substitute:** “Only coaches participating in the same event as lifters should not pay the coach capitation fee.” with “**Coaches participating in the same event as athletes or referees are exempt from paying the coach capitation fee.**”

**Reason:** Coaches serving as referees contribute to the events and deserve to be released from paying the fee. IPF EC adopted the same regulation.

**Original text:**

**12. FEES**

**12.1. Kinds of Fees**

The annual membership fee must be paid by each EPF Member Federations till the end of January each year for the Federation to have a vote at the EPF GA.

Sanction fees shall be paid in accordance with the following scale of subscriptions and fees:

- Event Sanction Fee European University Cup Euro 200
- Annual National Membership Affiliation Fee Euro 300
- Event Sanction Fee European Championships Euro 1000
- Event Sanction Fee European Cup Euro 700
- Event Sanction Fee Western European Championships Euro 400
- Event Sanction Fee Danube Cup Euro 200
- Event Sanction Fee Other Events Euro 200
- Anti-Doping Fee Euro 60
- Athlete Participation Fee Euro 90
- Coach Capitation Fee Euro 50

The participating National Member Federations shall pay to the EPF an anti-doping fee of 60 Euro for each athlete entered and declared on the final entry form for all European Championships and events sanctioned by EPF. Anti-doping fees shall be clearly marked strictly for anti-doping purposes only. In addition to an anti-doping fee, the National Member Federation shall pay a participation fee of 90 Euro for each athlete and capitation fee of 50 Euro for each coach (head coach, coach, assistant coach) entered the final nomination form of all European events and those sanctioned by the

EPF. Only coaches participating in the same event as lifters should not pay the coach capitation fee. 30 Euro of each athlete's participation fee shall be paid to the organizer. The latest date of withdrawal of any lifter and coach from the nomination list to avoid paying the Participation, Capitation and Anti-Doping fees is 21 days prior to the Technical Meeting for the event.

**Proposed text:**

**12. FEES**

**12.1. Kinds of Fees**

The annual membership fee must be paid by each EPF Member Federations till the end of January each year for the Federation to have a vote at the EPF GA.

Sanction fees shall be paid in accordance with the following scale of subscriptions and fees:

- Event Sanction Fee European University Cup Euro 200
- Annual National Membership Affiliation Fee Euro 300
- Event Sanction Fee European Championships Euro 1000
- Event Sanction Fee European Cup Euro 700
- Event Sanction Fee Western European Championships Euro 400
- Event Sanction Fee Danube Cup Euro 200
- Event Sanction Fee Other Events Euro 200
- Anti-Doping Fee **According to the IPF regulations**
- Athlete Participation Fee Euro 90
- Coach Capitation Fee Euro 50

The National Member Federation shall pay **Anti-Doping and** Participation fee for each athlete and capitation fee for each coach (head coach, coach, assistant coach) entered

the final nomination form of all European events and those sanctioned by the EPF.

**Coaches participating in the same event as athletes or referees are exempt from paying the coach capitation fee.**

30 Euro of each athlete's participation fee shall be paid to the organizer.

The latest date of withdrawal of any lifter and coach from the nomination list to avoid paying the Participation, Capitation and Anti-Doping fees is 21 days prior to the Technical Meeting for the event.

### **16.3 EPF EC Proposal #3**

#### **BY-LAWS**

##### **Proposal:**

**To change the wording:** "30 Euro of each athlete's participation fee shall be paid to the organizer."

Into

**"30 Euro of each athlete's participation fee shall be used to support the organizers of the EPF events."**

**Reason:** EPF supports the organizers in many other ways, which are not stated in the By-Laws, but indicated in the Promoter's Contract. The suggestion is to make the distribution of 1/3 of the Participation Fee fairer between all the EPF events. The amount of support will be based not only on the number of participants but also on the length of the event, the number of EPF staff working there, etc.

##### **Original text:**

#### **12. FEES**

##### **12.1. Kinds of Fees**

30 Euro of each athlete's participation fee shall be paid to the organizer.

The latest date of withdrawal of any lifter and coach from the nomination list to avoid paying the Participation, Capitation and Anti-Doping fees is 21 days prior to the Technical Meeting for the event.

**Proposed text:**

**30 Euro of each athlete's participation fee shall be used to support the organizers of the EPF events.** The latest date of withdrawal of any lifter and coach from the nomination list to avoid paying the Participation, Capitation and Anti-Doping fees is 21 days prior to the Technical Meeting for the event.

**16.4 EPF EC Proposal #4**

**BY-LAWS**

**15.3 Medals**

**To delete:** in the last paragraph "Awards for Masters division are optional".

Reason: The number of master athletes participating in the EPF events is growing, especially in classic powerlifting. Currently Master athletes do not receive the Best Lifters awards. It is discrimination according to the age.

**Current text:** Top three lifters in each age division of each gender shall receive the "Best Lifter" awards based on their results upon the IPF GL formula. Awards for Masters division are optional. These awards must be approved by the EPF Secretary General and are to be provided and paid by the organizer.

**Proposed text:** Top three lifters in each age division of each gender shall receive the "Best Lifter" awards based on their results upon the IPF GL formula. These awards must be approved by the EPF Secretary General and are to be provided and paid by the organizer.

**16.5 EPF EC Proposal #5**

**BY-LAWS**

**17.2 Accommodation**

**To delete and add:** At all the European Championships minimum period of stay in the official hotel is 2 (two) **consecutive** nights, **unless other is indicated in the Invitation.**

**Reason:** To have a clear rule.

**Original text:**

At all the European Championships minimum period of stay in the official hotel is 2 (two) nights, unless other is indicated in the Invitation. Each athlete, coach, official and referee shall receive accreditation for the day of arrival, stay and departure day.

**Proposed new text:**

At all the European Championships minimum period of stay in the official hotel is 2 (two) **consecutive** nights. Each athlete, coach, official and referee shall receive accreditation for the day of arrival, stay and departure day.
